General Information and Guidelines for
Students, Cooperating Teachers, and University Supervisors

The graduate ESE practicum is not “a race to the finish” but an opportunity
to demonstrate effective teaching strategies, on a consistent basis,
over an extended period of time.

INTRODUCTION TO GRADUATE PRACTICUM EXPERIENCE

The semester before the graduate internship takes place, Florida Atlantic University (FAU) students in the Exceptional Student Education (ESE) department complete a practicum experience. The Graduate Practicum is a one credit practicum designed to give graduate students the opportunity to gain a supervised teaching experience prior to their Graduate Internship, and to apply skills presented in EEX 6247: Designing Program for Individuals Served in ESE Programs. During this experience, the students will practice and be evaluated on their ability to demonstrate beginning level teaching skills. The Practicum experience consists of an in depth supervised field experience. The practicum student will spend a minimum of 30 hours in a school setting. It is during this time that the practicum student has the opportunity to practice concepts and methodologies he/she is learning in coursework, and to gain new skills and experiences under the guidance and direction of the cooperating teacher and university supervisor.

The practicum experience is a collaborative effort between personnel from FAU and the school district. It is the teamwork between these professionals that creates an environment in which the practicum student may develop teaching skills. The university supervisor recognizes the expertise of the cooperating teacher in promoting an environment conducive to effective instructional and supervisory practices. Each member of the team (student, cooperating teacher, and university supervisor) realizes the role each must play to provide the best possible field experience.

This Handbook provides guidelines for the practicum student, the cooperating teacher, and the university supervisor. Included are role requirements, evaluation procedures, timelines, and copies of the necessary forms. Please take a few minutes to become familiar with the contents of this handbook. Any suggestions you have for information to be included in future editions are appreciated. Please do not hesitate to call the Department of Exceptional Student Education should you have questions about the practicum experience.

Course Title: GRADUATE TEACHING PRACTICUM IN ESE

CATALOG DESCRIPTION:
The Graduate Practicum in ESE at Florida Atlantic University is designed to give graduate students the opportunity to gain a supervised teaching experience prior to their Graduate Internship, and to apply skills presented in EEX 6247: Designing Programs for Individuals Served in ESE Programs. During this experience, the students will practice and be evaluated on their ability to demonstrate beginning level teaching skills. This course requires a minimum 30 hours in a field placement.

PREREQUISITE or COREQUISITE:
Students in this course must register for EEX 6247 in the same semester and complete the security clearance procedures prior to placement.

COURSE CONNECTION TO CONCEPTUAL FRAMEWORK:
As a reflective decision-maker the student will make informed decisions, exhibit ethical behavior, and provide evidence of being a capable professional by planning and presenting lessons in classrooms that serve ESE students; receiving constructive feedback and modifying their practice and working collaboratively with a clinical educator and university supervisor.

GUIDELINES USED IN DEVELOPING COURSE OBJECTIVES:

- CEC International Standards for Preparation and Certification of Special Education Teachers (CEC)
- State of Florida Certification Standards for Exceptional Student Education (ESE)
- Florida Educator Accomplished Practices (EAP)
- Florida Subject Area Competencies ESOL (ESOL)
(The applicable standards for this course are presented in Appendix A of this syllabus.)

COURSE OBJECTIVES:
By the end of the course, students are expected to demonstrate beginning level proficiency in the following areas:

1) Formulate, implement, and evaluate educational plans for students at-risk for and with identified disabilities, including plans for students with limited English proficiency. (CEC cc4S3, cc7S2, cc7S6, cc7S7, cc7S13, cc8S6) (ESE 3.1)
   (EAP (a) 2.a, (a) 2.d, (a) 2.f, (a) 2.h, (a) 3.g, (a) 3.h) (ESOL 3, 4, 16, 17)
2) Demonstrate knowledge and skills in the use of specific culturally appropriate behavioral and classroom management methods appropriate to students at-risk for and with identified disabilities. (CEC cc5S1, cc5S4, cc5S5, cc5S10, cc5S11, cc5S12, gc5S6) (ESE 4.3) (ESOL 18)
3) Plan a series of sequential lessons recognizing gender, religious, ethnic, cultural, socioeconomic and racial differences that enable students at-risk for and with identified disabilities to master IEP objectives in the behavioral, social, emotional, affective, vocational, and/or academic areas. (CEC cc7S8, cc7S6) (ESE 3.2, 3.4, 3.5, 6.1, 6.2) (EAP (a) 2.a, (a) 2.d, (a) 2.f, (a) 2.h, (a) 3.g, (a) 3.h) (ESOL 14)
4) Demonstrate direct instruction skills and the use of various levels of technology in the presentation of content as appropriate for students at-risk for or with identified disabilities, including culturally and linguistically diverse students. (CEC gc4S1, gc4S6) (ESE 3.2, 3.5) (EAP (a) 2.a, (a) 2.d, (a) 2.f, (a) 2.h, (a) 3.g, (a) 3.h) (ESOL 8, 12, 21)
5) Work collaboratively with other school professionals, parents, and/or family members to facilitate student progress. (CEC cc10K4, cc10S1, cc10S9, cc10S10, cc9S8, cc7S3) (ESE 3.6) (EAP (b) 1.a, (b) 1.d, (b) 1.e, (a) 2.f, (b) 2) (ESOL 3, 19, 21)
6) Employ effective problem-solving techniques in program implementation for students with disabilities, culturally diverse students, including those with limited English proficiency. (CEC cc10K4, cc10S9, cc10S10, cc9S11, gc5S5) (ESE 3.6) (EAP (a) 2.c, (a) 3.i, (a) 2.f, (b) 2) (ESOL 19, 21)

**COURSE CONTENT:**

Lesson planning and presentation  
Student assessment and ongoing evaluation  
Research based teaching practices  
Collaborative problem solving and communication  
Classroom management

**COURSE REQUIREMENTS:**

1. **CRITICAL ASSIGNMENTS**

**CRITICAL ASSIGNMENT 1: Narrative Observation Feedback Summary Form.**  
Graduate practicum students will be evaluated formally for a minimum of 4 observations by university supervisor and/or cooperating teacher (depending on placement options). After each observation the evaluator will complete the Narrative Observation Feedback Summary (NOFS). The overall ratings on the NOFS indicators will be used to determine whether the student meets the expectations for the critical assignment. At the midterm and the end of the semester, both the evaluator(s) will complete the NOFS.

**CRITICAL ASSIGNMENT 2: Professional Attribute Rubric (PAR)**  
As part of the mid-term and the final practicum observation by the evaluator(s) there will be a conference with the graduate practicum student to discuss the PROFESSIONAL ATTRIBUTE RUBRIC (PAR). This conference is designed to provide the student with an evaluation of the critical professional skills not generally measured by lesson observations. The PAR should be submitted as part of the practicum paperwork. The practicum student should keep these attributes in mind throughout the semester.

**Critical Assignments and Florida Educator Accomplished Practices**  
The Florida Department of Education has identified a set of Accomplished Practices that must be mastered in order to continue in the ESE Master's Degree Program. For this course, the Educator Accomplished Practices (a) 1.a, (a) 1.b, (a) 1.d, (a) 1.e, (a) 1.f, (a) 2.a, (a) 2.b, (a) 2.c, (a) 2.d, (a) 2.e, (a) 2.g, (a) 2.h; (a) 3.a, (a) 3.b, (a) 3.c, (a) 3.d, (a) 3.e, (a) 3.f, (a) 3.g, (a) 3.h, (a) 3.i, (a) 3.j; (a) 4.a, (a) 4.b, (a) 4.c, (a) 4.d, (a) 4.e, (a) 4.f; (b) 1.c, and (b) 1.e will be measured by the Narrative Observation Feedback Summary Form and Educator Accomplished Practices (a) 1.c, (a) 2.e, (a) 2.f, (b) 1.a, (b) 1.b, (b) 1.d, (b) 1.e, (b) 2 will be measured by the Professional Attribute Rating, which are the Critical Assignments. Please read carefully the ESE departmental policy on Critical Assignments.
ESE Departmental Policy on CRITICAL ASSIGNMENT(S):

**Assessment criteria:**
A student must earn a minimum grade of 83% of the points allotted for the Critical Assignment to receive a passing grade in this course. In other words, a student cannot pass the course without successfully completing the critical assignment.

**Remediation policy:**
If a student is passing the course, but has failed to pass the Critical Assignment with a minimum of 83% of the possible points for the assignment, the student will receive an "I" in the course until the Critical Assignment is successfully redone (only one attempt allowed). In field-based courses (practicum, student teaching, and internship) re-doing the critical assignments involves the construction and completion of a Professional Development Plan (PDP). (See Department of Exceptional Student Education policies for directions for PDP).

2. FIELD PROJECTS
Students are required to complete three field projects based on activities at their practicum site. These field projects are described in Appendix C. Due dates for each field project will be designated by the university supervisor.

**TEACHING METHODOLOGIES:**
Participants will acquire knowledge and skills related to teaching students with exceptionalities, including students from various cultural, religious, ethnic, socioeconomic and language backgrounds, through classroom practices activities.

**POLICIES AND PROCEDURES**

**UNIVERSITY ATTENDANCE POLICY:**
Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of nonattendance. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class.

Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-sponsored activities (such as athletic or scholastic team, musical and theatrical performances, and debate activities). It is the student's responsibility to give the instructor notice prior to any anticipated absence, and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.
Graduate Practicum Attendance Policy

If a practicum student must be absent, s/he must follow the procedures described below:

1. The student will inform the cooperating teacher and university supervisor of the absence as far ahead of time as possible.
2. The student will make sure that the cooperating teacher has all the materials necessary to fulfill his/her teaching responsibilities in his/her absence.
3. An absence from the practicum, regardless of the reason, does not absolve the student from fulfilling all responsibilities of the graduate practicum.
4. The student must make up any time missed each week either the week before the absence or the following week.

The practicum is intended to be an intensive school-based learning experience. There are many requirements and many new demands placed on the practicum student. Learning for the student takes place through observation, practice, trial and error, and collaboration. It is critical that all parties, the student, cooperating teacher, and university supervisor, work together to maximize the practicum experience. If conflicts arise during practicum, any member of the team may initiate a problem solving meeting to correct a specific issue.

POLICIES:

1. The course carries one (1) credit. Students are expected to complete course requirements sufficient to earn one (1) credit during the time-span of the course.
2. Students are encouraged to talk with the instructor if there are concerns or problems relating to the course.
3. A minimum grade of S is required in order to continue in the ESE Master’s program.
4. All written assignments must follow the directions on the assignment for presentation.

STUDENTS WITH DISABILITIES:

In compliance with the Americans with Disabilities Act (ADA) and FAU policy, students with disabilities who require special accommodations to properly execute course work must register with the Office for Students with Disabilities (OSD) and provide the instructor of this course with a letter from OSD which indicates the reasonable accommodations that would be appropriate for this course. OSD offices are located on Boca, Davie and Jupiter campuses. Information regarding OSD services and locations can be found on the FAU website.

APPENDIX A

GUIDELINES USED IN THE DEVELOPMENT OF THIS COURSE.

The instructor has included the guidelines of knowledge and skills related to the goal and objectives of this course for beginning special education teachers. The intent is to help the student understand the direction of the course and the relevancy of the material to be learned.

COUNCIL FOR EXCEPTIONAL CHILDREN STANDARDS (CEC)

4. Instructional Strategies

cc4S3 Select, adapt, and use instructional strategies and materials according to characteristics of the individual with exceptional learning needs
gc4S1 Use research-supported methods for academic and nonacademic instruction of individuals with disabilities
gc4S6 Modify pace of instruction and provide organizational cues

5. Learning Environments and Social Interactions

cc5S1 Create a safe, equitable, positive, and supportive learning environment in which diversities are valued
cc5S4 Design learning environments that encourage active participation in individual and group activities
cc5S5 Modify the learning environment to manage behaviors
cc5S10 Use effective and varied behavior management strategies
cc5S11 Use the least intensive behavior management strategy consistent with the needs of the individual with exceptional learning needs
cc5S12 Design and manage daily routines
gc5S5 Use skills in problem-solving and conflict resolution
gc5S6 Establish a consistent classroom routine for individuals with disabilities

7. Instructional Planning

cc7S3 Involve the individual and family in setting instructional goals and monitoring progress
cc7S7 Integrate affective, social, and life skills with academic curricula
cc7S10 Prepare lesson plans
cc7S11 Prepare and organize materials to implement daily lesson plans
cc7S12 Uses instructional time effectively
cc7S13 Make responsive adjustments to instruction based on continual observations
gc7S2 Select and use specialized instructional strategies appropriate to the abilities and needs of the individual

8. Assessment

cc8S6 Use assessment information in making eligibility, program, and placement decisions for individuals with exceptional learning needs, including those from culturally and/or linguistically diverse backgrounds
cc8S8 Evaluate instruction and monitor progress of individuals with exceptional learning needs

9. Professional and Ethical Practice

cc9S8 Use verbal, nonverbal, and written language effectively
cc9S9 Conduct self-evaluation of instruction
cc9S11 Reflect on one’s practice to improve instruction and guide professional growth

10. Collaboration
cc10S1 Maintain confidential communication about individuals with exceptional learning needs
cc10S9 Collaborate with school personnel and community members in integrating individuals with exceptional learning needs into various settings
cc10S10 Communicate effectively with families of individuals with exceptional learning needs from diverse backgrounds

STATE OF FLORIDA CERTIFICATION STANDARDS FOR EXCEPTIONAL STUDENT EDUCATION (ESE)

1.3 Identify required components of Individual Education Plans, Family Support Plans, & Individual Transition Plans
3.1 Analyze assessment information to identify a student’s environmental needs & instructional levels, to select appropriate specialized techniques & learning strategies, & to determine IEP content
3.2 Select instructional practices that reflect individual learning needs & incorporate a wide range of learning strategies & specialized materials to create an appropriate instructional environment for students with disabilities
3.4 Select relevant general education & special skills curricula appropriate for a given student’s age, instructional needs, & functional performance across settings
3.6 Identify effective methods of communication, consultation, & collaboration with students, families, parents, guardians, administrators, general education teachers, paraprofessionals, & other professionals as equal members of education teams
4.3 Analyze individual & group data to select & evaluate proactive interventions that foster appropriate behavior

FLORIDA SUBJECT AREA COMPETENCIES ESOL (ESOL)

3 Identify, expose, and reexamine cultural stereotypes relating to LEP and non-LEP students.
8 Select and develop appropriate ESOL content according to student levels of proficiency in listening, speaking, reading, and writing, taking into account: (1) basic interpersonal communicative skills (BICS), and (2) cognitive academic language proficiency skills (CALPS) as they apply to the ESOL curriculum.
12 Apply content-based ESOL approaches to instruction.
14 Plan and evaluate instructional outcomes, recognizing the effects of race, gender, ethnicity, socioeconomic status, and religion on the results.
16 Design and implement effective unit plans and daily lesson plans which meet the needs of ESOL students within the context of the regular classroom.
17 Evaluate, adapt and employ appropriate instructional materials, media, and technology for ESOL in the content areas at elementary, middle and high school levels.
18 Create a positive classroom environment to accommodate the various learning styles and cultural backgrounds of the students.
21 Use formal and alternative methods of assessment/evaluation of LEP students, including measurement of language, literacy and academic content metacognition.
Florida Educator Accomplished Practices

A Quality of Instruction

A.1 Instructional Design and Lesson Planning

A.1.a Applying concepts from human development and learning theories, the effective educator consistently aligns instruction with state-adopted standards at the appropriate level of rigor;

A.1.b Applying concepts from human development and learning theories, the effective educator consistently sequences lessons and concepts to ensure coherence and required prior knowledge;

A.1.c Applying concepts from human development and learning theories, the effective educator consistently designs instruction for students to achieve mastery;

A.1.d Applying concepts from human development and learning theories, the effective educator consistently selects appropriate formative assessments to monitor learning;

A.1.e Applying concepts from human development and learning theories, the effective educator consistently uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and continuously improve the effectiveness of the lessons; and

A.1.f Applying concepts from human development and learning theories, the effective educator consistently develops learning experiences that require students to demonstrate a variety of applicable skills and competencies.

A.2 The Learning Environment

A.2.a To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently organizes, allocates, and manages the resources of time, space, and attention;

A.2.b To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently manages individual and class behaviors through a well-planned management system;

A.2.c To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently conveys high expectations to all students;

A.2.d To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently respects students' cultural, linguistic, and family background;

A.2.e To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently models clear, acceptable, oral and written communication skills;

A.2.f To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently maintains a climate of openness, inquiry, fairness, and support;

A.2.g To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently integrates current information and communication technologies;

A.2.h To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently adapts the learning environment to accommodate the differing needs and diversity of students; and

A.2.i To maintain a student-centered learning environment that is safe, organized, equitable, flexible, inclusive, and collaborative, the effective educator consistently utilizes current and emerging assistive technologies that enable students to participate in high-quality communication interactions and achieve their educational goals.

A.3 Instructional Delivery and Facilitation

A.3.a The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to deliver engaging and challenging lessons;

A.3.b The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to deepen and enrich students’ understanding through content area literacy strategies, verbalization of thought, and application of the subject matter;

A.3.c The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to identify gaps in students' subject matter knowledge;

A.3.d The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to modify instruction to respond to preconceptions or misconceptions;

A.3.e The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to relate and integrate the subject matter with other disciplines and life experiences;

A.3.f The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to employ higher-order questioning techniques;

A.3.g The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding;

A.3.h The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students;

A.3.i The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to support, encourage, and provide immediate and specific feedback to students to promote student achievement; and
A.3.j The effective educator consistently utilizes a deep and comprehensive knowledge of the subject taught to utilize student feedback to monitor instructional needs and to adjust instruction.

A.4 Assessment
A.4.a The effective educator consistently analyzes and applies data from multiple assessments and measures to diagnose students’ learning needs, informs instruction based on those needs, and drives the learning process;
A.4.b The effective educator consistently designs and aligns formative and summative assessments that match learning objectives and lead to mastery;
A.4.c The effective educator consistently uses a variety of assessment tools to monitor student progress, achievement and learning gains;
A.4.d The effective educator consistently modifies assessments and testing conditions to accommodate learning styles and varying levels of knowledge;
A.4.e The effective educator consistently shares the importance and outcomes of student assessment data with the student and the student's parent/caregiver(s);
A.4.f The effective educator consistently applies technology to organize and integrate assessment information.

B Continuous Improvement, Responsibility, and Ethics
B.1 Continuous Professional Improvement
B.1.a The effective educator consistently designs purposeful professional goals to strengthen the effectiveness of instruction based on students’ needs;
B.1.b The effective educator consistently examines and uses data-informed research to improve instruction and student achievement;
B.1.c The effective educator consistently collaborates with the home, school, and larger communities to foster communication and to support student learning and continuous improvement;
B.1.d The effective educator consistently engages in targeted professional growth opportunities and reflective practices,
B.1.e The effective educator consistently implements knowledge and skills learned in professional development in the teaching and learning process.

B.2 Professional Responsibility and Ethical Conduct
B.2.a Understanding that educators are held to a high moral standard in a community, the effective educator adheres to the Code of Ethics and the Principles of Professional Conduct of the Education Profession of Florida, pursuant to State Board of Education Rules 6B-1.001 and 6B-1.006, F.A.C., and fulfills the expected obligations to students, the public, and the education profession.
APPENDIX B
Field Projects

Field Project #1: OBSERVING THE TEACHING AND LEARNING PROCESS

Developing skills for conceptualizing what teachers do and why they do them comes only with practice. Early observation experiences allow you to look around classrooms, watch students and watch how teachers teach. As you prepare to teach lesson in your practicum setting, you will need to get an understanding of the classroom where you are teaching. By completing the following activities during the first few days of your practicum, you have gain insight into how your cooperating teacher has organized the class, how s/he makes instructional decisions, and how s/he uses curriculum.

Log your observations and responses to the topics below. The specific topics serve as guides. Add any other descriptive information you consider valuable to the observations.

1) Describe the physical aspects of the classroom
   A) Draw a sketch of the room
   B) Develop a seating plan and label with student names

2) How does the teacher use the room and materials in it?
   A) How is the chalkboard used (e.g., instructional, memos, management, etc)?
   B) How does the teacher use space in the room (e.g., small group areas, stations, etc)?
   C) How does the teacher use visual aids (e.g., technology, cue cards, bulletin boards, etc)?

3) What materials does the teacher use for instruction?

4) Describe the classroom management and discipline plan.

5) Describe the cooperating teacher’s approach and manner with students.
   A) Personal Characteristics
   B) Verbal Communication Skills
   C) Non-verbal Communication Skills

6) What specific skills do you want to emulate?

7) Describe how the cooperating teacher presents a lesson.
   A) Introduction or Focus
   B) Method of Instruction or Presentation
   C) Reinforcement Activities
   D) Independent Activities
   E) Summary or Closure Activities

8) What responsibilities beyond teaching does your cooperating teacher have?

9) Of all the things you have observed, which skills do you think will be easy for you to master?

10) Which will be more challenging?

Due date for Field project #1:
Field Project #2: IEP ANALYSIS

For one student, with an IEP, answer these questions for each annual goal on the IEP.

1. What standardized assessment results relate to this annual goal?
2. What previous work samples (artifacts) relate to this annual goal?
3. What informal teacher observations relate to this annual goal?
4. What other diagnostic information relates to this annual goal?
5. What domain is represented?
6. Do the short term objectives flow logically from the annual goal? Explain your answer.
7. What is the annual goal’s connection to the SSS?
8. How is the evaluation of this annual goal carried out?
9. Where is this annual goal evaluated?
10. What is the connection to life after school for this goal?
11. What recommendations for this annual goal can you identify?

Please write the annual goal out and then answer each question.

Due date for Field Project #2:
Field Project #3: Accommodations and Modifications

For a lesson you have previously developed, add in modifications or adaptations that will provide greater access for all types of learners.

1. Identify corollaries to the instructional objective to be used with students who need to be challenged and those that need extra support.
2. Identify alternative presentation modes to support learners with physical, cognitive, and linguistic limitation.
3. Develop a menu of evaluation techniques that will allow learners to demonstrate mastery in a variety ways.

Copy the lesson plan and attach your responses in a narrative format after the lesson plan.

Due date for Field Project #3:
RESPONSIBILITIES of the COOPERATING TEACHER (CT)

The CT is the on-site instructor and mentor for the practicum student. The CT is responsible for structuring the practicum experience to allow maximum opportunity for the practicum student to grow and learn the skills needed to become a beginning teacher. Initially, the CT acts as a model for the practicum student by demonstrating effective teaching practices. They familiarize the practicum student with their classroom procedures, schedules, and routines. They provide the practicum student with the information and models they need to plan and carry out instruction capably. The CT should also allow the practicum student to practice various teaching methods and strategies he/she is learning in university coursework.

Throughout the practicum experience, the CT provides detailed feedback and evaluative information to the practicum student. They alone can evaluate the student's competence in relation to the ESE students in that specific placement. Therefore, it cannot be stressed enough that a great deal of constructive feedback is critical to the professional development of the student. Frequent observation/evaluation followed by a formal conference with verbal and written feedback is a necessary part of the learning process and should occur on a regular basis in order to keep the practicum student appraised of their progress. The formal evaluations should be of adequate length to allow the student to demonstrate several teaching skills (e.g., gaining attention of students, review, presentation of new material, guide practice, independent practice, evaluation, etc.). It is suggested that observations should be no shorter than 45 minutes in length with follow-up conferences as soon as practical.

Primary CT Responsibilities Include:

- Act as a mentor for the practicum student
- Provide an abundance of constructive feedback
- Conduct at least two formal observations
- Meet with university supervisor to complete mid-term and final evaluations

RESPONSIBILITIES of the UNIVERSITY SUPERVISOR (US)

The US provides the bridge from university instruction to practical experience. The US has knowledge of the college instruction the practicum student has received and is able to make links between the university work and the teaching requirements. The formal evaluations should be of adequate length to allow the student to demonstrate several teaching skills (e.g., gaining attention of students, review, presentation of new material, guide practice, independent practice, evaluation, etc.). It is suggested that observations should be no shorter than 45 minutes in length with follow-up conferences immediately following the observation. The US is also supportive of the cooperating teacher and often listens to his/her concerns about the student's progress. In this role, the US is able to facilitate three-way discussions about issues related to the practicum placement.
Specific US Responsibilities Include:

- Perform **two formal observations** and evaluations
- Support both the CT and practicum student and listen to their concerns
- Grade three field projects and give feedback
- Complete the PAR form with CT
- Keep running account of AP
- Provide final grade to Field Experience Coordinator
- Help the student link university coursework to the classroom
- Provide an abundance of detailed feedback

**PROCEDURES TO FOLLOW IF PROBLEMS ARISE**

If the cooperating teacher (CT) and/or university supervisor (US) conclude that a practicum student is experiencing difficulty in any aspect of the field experience process, the following steps should be taken until the problem is resolved:

1. Immediately discuss the problem with the student and follow-up on the student's performance to observe a positive change in behavior.

2. If the problem persists, the US will set up a three-way conference with the CT and the practicum student, to attempt to solve the problem. Document the problem on the *Narrative Observation Form* in writing and include the following:
   a. Describe the problem
   b. Identify recommended strategies/activities for resolving the problem
   c. Identify timeline and evaluation criteria
   d. Document student's response.

3. The CT and US will jointly monitor the student's progress to determine whether the problem is resolved.

4. If the problem is not resolved, the US may ask the Coordinator of Field Experiences or another faculty member to observe the student and provide written feedback.

5. The US, CT, and relevant instructor(s) will discuss options regarding the student's continuation in practicum experience. Based on this discussion, the US will make a recommendation to the coordinator of field experience, and will provide appropriate documentation of the problem.

6. The coordinator of field experiences, together with the US, relevant instructor(s) and department chair, will make the final decision as to whether the student will be permitted to repeat, extend, or be removed from the practicum experience and the conditions under which this will occur. If the student is permitted to repeat or extend the practicum experience a Professional Development Plan (PDP) will be completed that specifies objectives, timelines, anticipated outcomes, and consequences of meeting or failing to meet the PDP.

In the event that the principal or a representative from the school decides to remove the practicum student from their school, the coordinator of field experience, the US, relevant instructor(s) and department chair, will make the final decision as to the next step for the practicum student.

#### Directions for Completing the Site Information Form:

1. Meet with your cooperating teacher the first day/week of placement. Complete the form indicating the days and times you will be at the school using the schedule above. **Graduate ESE Practicum requires a minimum 30 hours in a field placement.**

2. Mark days/times when cooperating teacher has planning period. This will be helpful for the University Supervisor for meetings with the cooperating teacher.

3. Make a copy of this form for your notebook. Email one copy of this document to your US and once copy to Dr. Heiser (lheiser1@fau.edu).

Explanation of the
NARRATIVE OBSERVATION FEEDBACK SUMMARY
AND
MID-TERM AND FINAL EVALUATION FORM

The Narrative Observation Feedback Summary and Mid-term and Final Evaluation Form consists of descriptors grouped into eight (8) areas. These eight areas are defined below. Each area measures a specific teaching proficiency. The areas correspond to the FPMS, a statewide evaluation instrument used yearly to document teacher effectiveness.

IMPORTANT INFORMATION: This form is used throughout the semester each time the student is observed by the University Supervisor (US) or Cooperating Teacher (CT). It is also used for the Mid-term and Final evaluation of the student. The US and CT should have their own individual copy of the form to use during each formal observation of the student. The US and CT should complete this form together during the mid-term and final evaluations of the student. Expectations of the student’s performance should rise for each subsequent observation. The student is expected to demonstrate continual progress throughout the semester. The student should not expect to receive all check +’s or 5’s on overall rating during the first few observations.

Eight Evaluation Areas:
1) General Teaching Skills includes a variety of skills that can be used across different settings.
2) Activities Prior to Instruction refers to all the activities the teacher does before the presentation component of the lesson begins.
3) Presentation Component refers to the direct delivery/presentation/ description of a body of knowledge that must be mastered.
4) Questioning/ Feedback refers to the appropriate use of questioning and feedback techniques with students.
5) Guided Practice is an engagement of the student when the information has been initially acquired, but the goal of the practice has shifted to proficiency, maintenance, or generalization.
6) Independent Practice is the engagement of the student in the independent use of skills acquired during the teaching process and refined during the guided practice.
7) Evaluation of Student Progress includes formal and/or informal assessment procedures, and daily/weekly data collection for the purpose of instructional planning and evaluation of student progress.
8) Management of Student Behavior refers to teacher monitoring and managing students' behaviors.

The Mid-Term Evaluation Plan for Remediation must be used if scores of 1 or 2 are attained on a given item from the Narrative Observation Feedback Summary form during the Mid-term Evaluation and/or a score of less than 2 on the Professional Attribute Rubric (PAR). The evaluation plan will aid the student in improving instruction or management and will provide a documentation of the plans for remediation. As with Narrative Observation Feedback forms, one copy of Midterm-Term Evaluation Plan for Remediation should be given to the cooperating teacher, university supervisor, the student, and the Field Experience Coordinator.

Narrative Observation Feedback Summary Instructions (Observations 1-5 below): Please provide the student with feedback after each observation using both the Narrative Observation Feedback Form and this form. Use the following scale to rate the student on each indicator. For the OVERALL RATING of each group of indicators please use the numerical rating of 5, 4, 3, 2, 1 (see below).

Mid-term and Final Evaluation: Please rate the student’s performance in each area for all formal observations. The midterm and final rating should be an overall average of the student’s performance. The formal observations shall be an assessment of their performance during each observation. If the student receives a 1 or 2 on any indicator during mid-term evaluation the Mid-Term Evaluation Comment Form must be completed. Please rate the student’s performance by using the following rating scale:

5 - Far Exceeds Expectation
Performance demonstrates exemplary ability to perform at an outstanding level that is equivalent to a first-year teacher.

4 - Exceeds Expectation
Performance demonstrates above average ability to create, implement and perform duties.

3 - Meets Expectation
Demonstrates clear conceptual understanding of components with consistent and effective implementation.

2 - Below Expectation
Performance demonstrates understanding of concepts. Implementation attempts are intermittent and not entirely successful. Demonstrates little or no evidence of the indicator.

1 - Unsatisfactory
 Demonstrates little or no evidence of the indicator

NO – No Opportunity
No opportunity to observe indicators

N/A – Not Applicable
Indicator is not applicable at this time (all indicators should be rated by final observation)

To meet the expectations of this critical assignment, the majority of scores on the Final Evaluation are to be 3s, 4s, or 5s or evidence of continuous improvement on all observations with no 1s or 2s.
EEX 5841 NARRATIVE OBSERVATION (FEEDBACK) SUMMARY

(US and CT each have own form and use checklist system to record student performance during each observation as well as the Mid-term and Final Evaluations. This form is to be used by US & CT Mid-Term and Final Evaluations.

Narrative Observation Feedback Summary Instructions (Observations 1-5 below): Please provide the student with feedback after each observation using both the Narrative Observation Feedback Form and this form.

Mid-term and Final Evaluation: Please rate the student’s performance in each area during Mid-term and Final. The rating should be an overall average of the student’s performance on a day to day basis and not just their performance during scheduled formal observations. If the student receives a 1 or 2 on any indicator during mid-term evaluation the Mid-Term Evaluation Comment Form must be completed. Please rate the student’s performance by using the following rating scale:

5 - Far Exceeds Expectation
Performance demonstrates exemplary ability to perform at an outstanding level that is equivalent to a first-year teacher.

4 - Exceeds Expectation
Performance demonstrates above average ability to create, implement and perform duties.

3 - Meets Expectation
Demonstrates clear conceptual understanding of components with consistent and effective implementation.

2 - Below Expectation
Performance demonstrates understanding of concepts. Implementation attempts are intermittent and not entirely successful. Demonstrates little or no evidence of the indicator.

1 - Unsatisfactory
Demonstrates little or no evidence of the indicator.

NO – No Opportunity
No opportunity to observe indicators.

N/A – Not Applicable
Indicator is not applicable at this time (all indicators should be rated by final observation).

To meet the expectations of this critical assignment, the majority of scores on the Final Evaluation are to be 3s, 4s, or 5s or evidence of continuous improvement on all observations with no 1s or 2s.

1) General Teaching Skills: include a variety of skills that are demonstrated across settings.

NOS Rubric Reporting Form and LiveText Summary Reporting Form - Critical Assignment 1

Student _____________________________ Classroom Teacher ____________________________ 5 of 7

School ______________________________ University Supervisor ______________________

Mid-term and Final Evaluation: Each rating is an overall average of the student's performance on a day to day basis and not solely their performance during scheduled formal observations. If the student receives a 1 or 2 on any indicator during mid-term evaluation, the Mid-Term Evaluation Comment Form is completed and a Remediation Plan developed that address the less effective teaching behavior that were observed. Student's performance is assessed using the following rating scale:

5 - Far Exceeds Expectation Performance demonstrates exemplary ability to perform at an outstanding level that is equivalent to a first-year teacher

4 - Exceeds Expectation Performance demonstrates above average ability to create, implement and perform duties.

3 - Meets Expectation Demonstrates clear conceptual understanding of components with consistent and effective implementation

2 - Below Expectation Performance demonstrates understanding of concepts. Implementation attempts are intermittent and not entirely successful. Demonstrates little or no evidence of the indicator.

1 - Unsatisfactory Demonstrates little or no evidence of the indicator

N/A – Not Applicable Indicator is not applicable at this time (all indicators should be rated by final observation)

Directions: Please complete this form ONLY if scores of 1 or 2 are attained on a given item from the Mid- term NOFSF and/or less than 2 on the PAR. This comment form will provide documentation of the problems and the plans for remediation, which will aid the student in improving instruction, management, and/or professionalism. Copies are to be given to the Cooperating Teacher, University Supervisor, student, and the FE Coordinator.

Remediation Plan for NOS and/or PAR

Your plan, to be implemented immediately, is to:
You are required to accomplish this plan with 100% accuracy in order to receive a satisfactory rating on the final NOS and/or PAR and a satisfactory grade in this course.

DIRECTIONS: The purpose of this evaluation instrument is to provide the Department of Exceptional Student Education with specific, pertinent information regarding the student’s progress and performance in the field. For each attribute circle either 3, 2, or 1 for each statement that accurately describes the behavior the student typically displays. Please elaborate further in the comment section when necessary.

To meet the expectations of this critical assignment, scores on the Final PAR must be 2s or 3s on the indicators with no 1s.

The Professional Attribute Rubric (PAR) provides the Department of Exceptional Student Education with specific, pertinent information regarding the student’s progress and performance in the field. Candidates are assessed using the PAR at midterm and final (or as needed during the semester). The PAR provides the student with an evaluation of the critical professional skills/attributes not generally measured by lesson observations. These skills include such areas as judgment, tact, reliability, dependability, collegiality, professional development, ethical behavior, and independence.

Rating Scale: 3 = Exceed expectations, 2 = Meets expectations, 3 = Does not meet expectations

To Whom it May Concern:

__________________________ is enrolled in EEX 5841 at Florida Atlantic University and is required to complete a minimum of thirty (30) hours of direct instruction as a practicum student at your school. As part of the coursework requirements, this student must demonstrate the use of formal and informal assessment to collect information for writing Individual Educational Plans (IEPs). In order to develop an awareness of how IEPs are written and how lesson plans are developed from specific goals and objectives on an IEP, it is beneficial for students to have the opportunity to review IEPs already written and in use in the classrooms where they are placed. Be assured that NO information that would identify individual students will be included in any materials copied or submitted to the university faculty. Any information the practicum student collects will only be used for the delivery of instructional programming and no confidentiality requirements will be violated.

As a way demonstrating our appreciation, for every three practicum students that you host, the cooperating/mentor teacher is eligible to receive a tuition certificate for 6 credits of tuition at any state institution. The certificate, valid for 3 years from date of issue, is redeemable only one-time and is non-transferable. See page 41 for detailed information.

We appreciate your cooperation in helping our students gain a better understanding of special education practices to fulfill these very important requirements. If you have any questions or concerns, please feel free to contact me at the number listed below.

Sincerely,

Lawrence A. Heiser, Ph.D.

Dear Principal:

______________________ is a student in the Department of Exceptional Student Education at Florida Atlantic University. Arrangements for a practicum for the remainder of the semester at your school have been made following county procedures, for this student to fulfill the one (1) credit hour requirement for field experience as part of his/her program.

The practicum experience is one part of an intensive course that must be taken prior to the student teaching experience. For this course, students are required to spend a minimum of 30 hours engaged in direct instruction of students in field-based training in addition to participating in three hours of university based training.

Each cooperating teacher has received information to assist him/her in the supervision and evaluation of practicum students. University supervisors are also available to answer any questions. The university supervisor assigned to this student will observe and evaluate the practicum student three times during the semester.

The faculty in the Department of Exceptional Student Education at Florida Atlantic University appreciates the support and assistance you are providing our practicum students and the university. We eagerly seek your comments and suggestions for improving this relationship.

Sincerely,

Lawrence A. Heiser, Ph.D.
