

The Center for Autism and Related Disabilities

“Florida’s First Choice for Autism Support”

Presents

Patrick McGreevy, Ph.D., BCBA

**Advanced Topics in Verbal Behavior: Teaching Language to Children
with Autism & Other Developmental Disabilities**

December 5, 2009

8:30am-4:00pm

(Registration begins at 7:30am)

Florida Atlantic University

MacArthur Campus (Jupiter)

College of Education, Room 101 (EC Bldg.)

5353 Parkside Dr.

Jupiter, FL 33458

This workshop describes advanced applications of Skinner’s analysis of verbal behavior to the teaching of communication and language. Topics covered in the workshop include teaching advanced mands, tacts, intraverbals, and working with common teaching problems such as scrolling, prompt dependency, and challenging behaviors.

REGISTRATION IS FREE!

6 BCBA & BCaBA Continuing Education Credits Available (Fee: \$45.00)
