Please join us for the premier training event in the Palm Beaches and Treasure Coast for teachers and related services providers of students with autism and similar disabilities. This year we are focusing on issues that impact students from preschool to high school. There will be two keynote addresses, with the first being delivered by Dr. Mae Barker, BCBA on Natural Environment Teaching for Young Children with Autism. Dr. Kyle Bennett, BCBA will deliver the second keynote address on Secondary and Transition Programming for Adolescents and Young Adults on the Autism Spectrum. There will also be 12 breakout sessions focusing on topics that include:

Bullying Prevention  
Academic and Functional Academic Instruction  
Positive Behavior Support in the Classroom  
Social Skills Instruction  
and much more
