Dear Mr. Brogan,

The Department of Education has completed the review of Florida Atlantic University's Educational Leadership Program. Attached is the report prepared by the Program Review Team that conducted the review of the program. The report includes ratings, findings and weaknesses related to the State Program Approval Standards 1-3 and their indicators.

Based upon the recommendation of the review team, **full approval** of the program indicated above is granted from July 1, 2008, through June 30, 2014, which is the approval period for all other state-approved teacher education programs at Florida Atlantic University. Graduates of this program may receive transcript endorsements indicating the completion of a state approved program at the Master's level in Educational Leadership.

Continued state approval is contingent upon meeting the requirements in Section 1012.986, Florida Statutes, and State Board of Education Rule 6A-5.081, during the continued approval period. The program will be reviewed for continued approval during the university's regularly scheduled continued approval site visit. Progress toward correcting the weaknesses identified in the report should be monitored by the institution as a part of its annual review, and improvements are expected to be addressed in the institution's Program Evaluation Plan.
