CONCEPTUAL FRAMEWORK  
As a reflective decision-maker the student will demonstrate the ability to make informed decisions, exhibit ethical behavior, and provide evidence of being a capable professional as reflected in class participation, discussion, and completion of assigned tasks and projects. Students will receive written and verbal feedback on their work including their practice of counseling and workshop facilitation skills.

COURSE OBJECTIVES  
Upon completion of the course students will:  
1. Develop a conceptual framework for understanding the professional school counselor’s roles, functions, and responsibilities in today’s schools as related to ethical codes, policies, laws, current issues, professional organizations, and other support personnel in the school.  
2. Develop knowledge of the school setting and history of the development of counseling in the schools to help better understand the relationship of the school counseling program to academic and student services programs.  
3. Develop the knowledge and skills for the design, implementation, monitoring, and evaluation of a comprehensive,  

Last updated Dec. 2010
developmental school guidance program as well as an understanding of funding at local and state levels that can be used to support the program.

4. Develop skills for consultation, individual, group, peer, and developmental classroom interventions systematically designed to assist all students with academic, career, and personal/social outcomes including assistance at times of educational transition.

5. Develop the skills to develop action plans and a school counselor calendar reflecting appropriate time commitment and priorities for a comprehensive developmental school counseling program.

6. Develop the skills to take leadership roles in promoting advocacy for students and the integration of guidance activities into the total school curriculum resulting in improved academic, career, and personal/social outcomes for students and an enhanced positive school climate.

7. Develop an understanding of human behavior in the context prevention and early intervention related to critical issues, professional and clinical, currently impacting school counselors as they serve diverse student populations.

8. Develop an understanding of the opportunities that enhance as well as barriers that impede the academic, career, and personal/social success and overall development of students including an awareness of the various systems and constructive partnerships that effect students at home, at school, and in the community.

9. Develop knowledge and skills related to the use of technology and existing school data to assess need and to design, implement, monitor, and evaluate a comprehensive school counseling program including related academic, career, and personal/social outcomes.

COURSE REQUIREMENTS

- Attend class, complete assigned readings, and participate in all live and online discussions and activities.
- Complete two professional development activities.
- Facilitate a small group discussion with feedback.
- Facilitate an individual counseling session with feedback.
- Complete a special topics research report/presentation.
- Develop sample annual plans and weekly schedules as well as unit plans for group and classroom sessions.
- Completion of School Counselor Competencies quiz and a final exam.

COURSE EVALUATION

ATTENDANCE

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to
deal at any time with individual cases of nonattendance. Attendance includes active involvement in all class sessions, class discussions, and class activities, as well as professional conduct in class.

Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations, or participation in University-sponsored activities (such as athletic or scholastic team, musical and theatrical performances, and debate activities). It is the student’s responsibility to give the instructor notice prior to any anticipated absence, and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student’s final course grade as a direct result of such absence.

Because university-based professional programs are charged with the responsibility of preparing students for certification and/or licensure, attendance policies and other course requirements tend to be considerably more demanding than academic, non-professional programs. Accordingly, Counselor Education students are expected to attend every class meeting. Please notify the University Professor/Instructor if you must miss a session. More than two absences may result in an incomplete or lower grade in the course. Attendance includes meaningful, active involvement in all class sessions, class discussions, and class activities as well as professional, ethical, conduct in class.

RELIGIOUS ACCOMMODATION
In accordance with rules of the Florida Board of Education and Florida law, students have the right to reasonable accommodations from the University in order to observe religious practices and beliefs with regard to admissions, registration, class attendance and the scheduling of examinations and work assignments. Students who wish to be excused from course work, class activities or examinations must notify the instructor in advance of their intention to participate in religious observation and request an excused absence. The instructor will provide a reasonable opportunity to make up such excused absences. Any student who feels aggrieved regarding religious accommodations may present a grievance to the director of Equal Opportunity Programs. Any such grievances will follow Florida Atlantic University’s established grievance procedure regarding alleged discrimination.

INFORMATION FOR STUDENTS WITH DISABILITIES
In Compliance with The Americans with Disabilities Act (A.D.A.), students who require special accommodations due to a disability to properly execute coursework must register with the Office for Students with Disabilities (OSD) located in Boca – SU 133 (561-297-3880), in Davie – MOD I (954-236-1222), or in Jupiter – SR 117 (561-799-8585) and follow all OSD procedures. The purpose of this office “is to provide reasonable accommodations to students with disabilities.” Students who require assistance should notify the professor immediately by submitting a letter from the Disabilities Office to your instructor requesting your need of specific assistance. Without such letter, the instructor is not obligated to make any accommodations for students.

UNIVERSITY HONOR CODE
Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. The FAU Honor Code requires a faculty member, student, or staff member to notify an instructor when there is reason to believe an academic irregularity is occurring in a course. The instructor must pursue any reasonable allegation, taking action where appropriate. The following constitutes academic irregularities:

(a) The use of notes, books or assistance from or to other students while taking an examination or working on other assignments unless specifically authorized by the instructor are defined as acts of cheating.
(b) The presentation of words or ideas from any other source as one’s own are an act defined as plagiarism.
(c) Other activities that interfere with the educational mission of the university.

For full details of the FAU Honor Code, see University Regulation 4.001 at http://www.fau.edu/regulations/chapter4/4.001_Code_of_Academic_Integrity.pdf

ACADEMIC INTEGRITY STATEMENT
Because of its gate keeping function in training counselors for professional certification and licensure, the faculty of the
Department of Counselor Education expects all of its graduate students to demonstrate the highest level of integrity in their personal and professional lives. Like faculty, students are expected to abide by the Ethics Code of the American Counseling Association and to know and observe both the Department’s and the University’s policies regarding plagiarism, cheating, and other academic irregularities. In addition, any special requirements or permission regarding academic integrity in any course will be stated in the course syllabus and are binding. Failure to abide by these indicators of academic integrity will result in sanctions. In addition, students are expected to report cases of academic dishonesty to the instructor. The Counselor Education student handbook (pages 44 – 47) available at www.coe.fau.edu/counsel/MED_Handbook_Final2009.pdf includes specific policies regarding the Academic Integrity Statement, Policy on Plagiarism, Cheating, and Other Academic Irregularities. Students are encouraged to read and adhere to the outlined policies.

METHODS OF INSTRUCTION

This course uses a variety of teaching methods including readings, lecture, live/video demonstrations and on-line discussions. Students will have an opportunity to synthesize and apply what they are learning through in class and online discussions and skills practice. Students will receive peer and instructor feedback regarding ideas and skills.

DISTANCE LEARNING REQUIREMENTS

1. Students will access Blackboard for course PowerPoint presentations, materials, discussion forums, syllabus, grading book, and/or exams.
2. Students are encouraged to use a broadband (cable or DSL) connection.
3. Students may use Windows or Mac operating systems.
4. Students may use Internet Explorer, Firefox, or Safari browsers.
5. Student assignments must be completed using the Microsoft Office suite (Word, PowerPoint, Excel etc.) for Windows or Mac.
6. Student assignments should be emailed to the instructor on the scheduled due date (see course content and outline).
7. On the weeks Blackboard is used for the course delivery, students are expected to post their statements on the discussion board by Tuesdays at 11 pm and have responded to their peers and fulfilled all other online activities by Saturday at 11 pm.
8. Unless otherwise noted, all written assignments should follow APA style, including but not limited to: Title page, page numbers, running head, reference page, 12 pt. font, 1 in. margins etc.
9. Students are expected to adhere to all department, college, and university policies of Academic Integrity. This includes but is not limited to:
   a. Cheating
   b. Plagiarism
   c. Misrepresenting information or failing to give proper credit for citations used
   d. Participating or facilitating acts of academic dishonesty by others
   e. Unauthorized prior possession or sharing of examinations
   f. Submitting the work or tampering with the work of another person
10. Students will receive feedback on assignments from the instructor via email. Comments, suggestions, recommendations are provided in pdf format. If necessary, students can download the free Adobe Reader from http://www.adobe.com/products/acrobat/readstep2.html
11. Students should contact the instructor if they experience technical difficulty accessing course materials and activities on Blackboard. Students should contact the IRM helpdesk at http://blackboard.fau.edu/webapps/portal/frameset.jsp?tab_id=_107_1 if you experience login or connection issues.
12. In order to minimize technological issues, prior to taking this course, students should be able to send and receive email, send attachments with emails, be familiar with Blackboard, navigating and conducting research on the World Wide Web.
